# THE WINNIPEG HORSEMAN'S CLUB

---

Our Club is proud to present this, its third annual Winnipeg Spring Horse Show and hope your attendance at each or all of our performances will be a source of pleasure and satisfying entertainment.

This is but one of the many activities of the Club to further interest in the Light Horse and to teach self-confidence and good sportmanship to our younger generation by making them good horsemen and horsewomen.

Gymkhanas, field days, annual hunter trials and periodical outdoor shows are all a part of each year's activities and our winter season is by no means a period of inactivity for club members. With a Junior Section of 70 and a Senior and Associate membership of 100 the Club has expanded considerably since the informal dinner meetings six years ago, of the small group of local horsemen who felt that the establishment of a club of this kind would be a real benefit to the horse lovers of Winnipeg.

Keenly interested in the revival of a Winnipeg Agricultural and Industrial Exhibition, plans for which are well under way, the members of our Club are assisting in every way possible to re-establish such a worthwhile event.

In presenting this horse show we are appreciative of the assistance given us by the merchants of Winnipeg and our Spectators without whose support this undertaking could not be a success.

To our exhibitors both in and from out-of-town we extend our sincere thanks and best wishes.

# Rules and Regulations

## THE SCORING OF HUNTERS AND JUMPERS.

### A—Scoring Hunters

#### Section 1—Faults

(a) When a horse makes two faults at one obstacle only major fault will be counted, except in case of refusals, which will count in addition.

(b) When an obstacle is composed of several elements in the same vertical plane, a fault at the top element is the only one penalized.

(c) When an obstacle to be taken in one jump is composed of several elements not in the same vertical plane (oxer, triple bar, etc.), faults at several elements are only penalized as one fault.

(d) When an obstacle requires two or more jumps (in and out) the faults committed at each obstacle are considered separately.

#### Section 2—Touches

(a) In judging hunters light touches are not to be considered but may be scored according to below scale for reference in cases where elimination is difficult. In case of bad style over fences, whether touched or untouched, the judges shall affix a numerical penalty for faults, distinguished in some manner from jumping penalties.

- (b) Touch with any part of the horse's body behind the stifle. ½ fault  
Touch with any part of the horse's body in front of the stifle 1 fault  
Touch of obstacle, including standard and/or wing. . . . . no fault

#### Section 3—Knock-downs

An obstacle is considered knocked down when its height is lowered by the horse or rider.

- Knock-down with any part of horse's body behind the stifle. . . . . 3 faults  
Knock-down with any part of horse's body in front of the stifle. . . . 4 faults  
Knock-down of obstacle by rider. . . . . 4 faults

Knocking down of wing by horse or rider will be scored as a run-out unless obstacle is cleared in the same jump, in which case no faults will be added for knocking wing down. In case a horse or rider causes any alteration of the height of the jump by touching a wing, it shall count as a knock-down of the obstacle by the horse or rider, with penalties as given above.

If a jump falls as a result of a horse or rider contacting a wing or post it will be scored as a knock-down.

#### Section 4

Horse and/or rider falling while in competition. . . . . Debarred

A horse is considered to have fallen when the shoulder and haunch on the same side touch the ground or the obstacle and the ground.

#### Section 5—Disobediences

- First refusal, run-out or bolting on the course. . . . . 3 faults  
Second cumulative refusal, run-out or bolting on the course. . . . . 6 faults  
Third cumulative refusal, run-out or bolting on the course. . . . . Debarred

In Maiden, Novice, Limit, Suitable to Become, Green, and all classes limiting the age of horses to four years old or under, the judges may extend horses to privilege of three refusals at each obstacle, at their discretion.

Jumping an obstacle before it is re-set. . . . . Debarred

Horse bolting from the ring mounted or riderless. . . . . Debarred

Circling a horse once upon entering the ring is permissible, but between obstacles will count for each offence, except where necessary to retake the course after a refusal or run-out. . . . 1 fault  
Failure to keep to the proper course. . . . . Debarred

Where a Liverpool occurs in any course a horse stepping in between the 1st and 2nd elements with the hind limbs and then jumping the 2nd element.....2 faults

A horse stepping in between the 1st and 2nd elements with the front limbs and then jumping the 2nd element.....3 faults

A horse stepping in between the 1st and 2nd elements with either front or hind limbs and then refusing the 2nd element....1 refusal

#### Section 6—Scoring of Teams, Pairs, Unicorns, Abreast or Tandem

The two or three horses will be scored as one, i.e., major fault at obstacles only to be considered, except in case of refusals.

In tandem or abreast formation, refusal of one horse will be scored as one refusal, but two additional faults will be added for each horse out of original order.

In tandem or abreast formation, refusal of one horse will be scored distance apart and in abreast formation faults for horses not keeping abreast, will be calculated at the rate of one-half fault for each one-half horse's length and are cumulative at each obstacle, as well as at each end of the ring; or, i.e., on an outside course at each obstacle and between each obstacle.

### B—Scoring Jumpers

#### Section 1

(a) All provisions of Rule 29-A apply except Section 2 (a).

(b) Actual faults at each obstacle will be counted, no consideration will be paid to manners, speed or way of going either at or between obstacles, except in classes where time is a factor.

(c) Slip fillets may be used on any or all obstacles in a given class at the discretion of the show management. If, when they are used, a horse displaces a slip fillet so that any part of it is supported by any surface other than that upon which it was originally placed, it shall be the determining factor as to whether or not he has touched with hind or fore limbs and he shall be faulted accordingly. A slip fillet is never to be considered a part of the obstacle.

(d) At the discretion of the show management, time may be considered in case of a jump-off. If time is taken, the start of the course shall be approximately twelve feet on the take-off side of the first obstacle and the finish of the course shall be approximately twenty-five feet beyond the last obstacle.

(e) In the case of a tie, obstacles may be raised or broadened at the discretion of the judges and/or the show management, irrespective of height advertised. The settlement on all ties shall be left to the discretion of the show management.

(f) In all jumping classes, the judges may immediately order a horse from the ring when it is apparent that the performance of the horse prohibits its being placed in ribbons.

(g) When time is considered, it shall be taken from the instant the horse's nose reaches the starting line twelve feet in front of the first obstacle until it reaches the final line twenty-four feet beyond last obstacle. Time shall be taken out and not counted during the period a knocked down jump is being replaced—that is from the moment the jump falls until some one in authority signals that the jump has been replaced. Any rider starting his mount toward the jump being replaced before the signal is given that it is reset shall be disqualified.

(h) Touch-and-Out and Knock-Down-and-Out. In touch-and-out classes all faults enumerated in Rule 29-A, Sections 2, 3, 4 and 5, above, will eliminate. In knock-down-and-out classes all faults listed in Rule 29-A, Sections 3, 4 and 5, above, will eliminate.

#### Section 2

When elimination trials are held the resulting scores for each competing horse shall be added to his final score to determine the winner.

**"SEARLE CLARINA"**

Grand Champion—Toronto Royal Winter Fair •1946. Registration 348524. Born October 31st, 1945, at Searle Farms, East Selkirk, Manitoba.

## IMPORTANCE OF SELECTION

Selection in breeding plays a vital part in animal production. Similarly selection in the feeds used is equally important in the finishing process.

With 400 western country elevators forwarding the Sun-Fed grains we supply to "SEARLE" Feed customers we can select the proper grain for best results.

It pays to use "SEARLE" products.

# Grow Flax!

*“There’s Money in a weed-free crop  
at \$5.00 per bushel”*

Flax cannot fight weeds and a profitable  
crop depends largely on successful weed  
control. But weeds are no Problem  
IF YOU KILL THEM WITH

## “SINOX”

**SELECTIVE WEED KILLER**

Here is what the National  
Flax Committee say  
about

**“SINOX”**

“Is spraying advised?”

**“YES—**

Tests indicate that the  
use of **“SINOX”** may in-  
crease yields three to  
four bushels per acre.”

— Kills the weeds

— Saves the Crops

•

### **FLAX GROWERS!**

You cannot afford to do  
without **“SINOX.”** It is your  
protection and assurance of  
a better Flax Crop.

**“SINOX” AND SPRAY RIGS, ARE NOW AVAILABLE FROM  
YOUR NEAREST NATIONAL GRAIN AGENT**

"THE PERFECT DIAMOND HOUSE"

B2-E

MADE OF  
GOVERNMENT  
INSPECTED  
MEATS

Look for Burns Canned Meats on the shelves at your favorite store . . . ask for them! Here are rich-tasting, nourishing dishes in a hurry, with a minimum of preparation . . . and that's what every modern housewife needs. Burns Canned Meats, served hot, make the kind of meaty, satisfying meals that your family will really go for. Served cold they're welcome appetizers for odd hours, and in the warmer weather make grand salad dishes. Depend on BURNS for purity . . . depend on BURNS for value . . . depend on BURNS for every quality the finest of canned meats should have.

## Did You Have Trouble Parking?

Certainly not if you came by street car or bus. When you travel by public transit you get trouble free, safe transportation with no irritating delays searching for parking space. Whether it's the Horsemen's Show or at any other time when crowds gather, go by street car or bus. It's easy on the nerves.
